

cuttable • non-corrosive • non-magnetic • non-conductive • high strength • light weight

## Sydney Northside Tunnel, Australia

**mateenbolt™** used as non-corrosive strata support in the storm water tunnel to ensure safe operations for over 60 years.

Stainless steel life-span not sufficient due to the corrosive nature of chemicals present.

20km long tunnel from Lane Cove to North Head.

- Client:** Sydney Water
- Consultant:** Connel Wagner
- Contractor:** MWH, Transfield
